Subject: Draft Permit - Delaware City Refining Company, LLC - DE0000256

Dear Mr. Ashby,

According to the Memorandum of Agreement (MOA) between the United States (U.S.) Environmental Protection Agency (EPA) Region 3 and the Delaware Department of Natural Resources and Environmental Control (DNREC), the EPA has reviewed the draft National Pollutant Discharge Elimination System (NPDES) permit for:

Draft Permit: Delaware City Refining Company, LLC
NPDES Number: DE0000256
EPA-received: July 28, 2017

EPA has chosen to perform a limited review of the draft permit based on the Section 316(b) of the Clean Water Act requirements. As a result of our limited review of the draft permit, we will not be providing any comment related to the requirements above. If for any reason, the draft permit is modified from the version that was submitted to us on July 28, 2017, please forward a copy of the new draft permit to us for review before issuance.

Should you have any questions or concerns regarding this matter, please contact us.

Respectfully,

Joel
